

Hello,

I hope you are staying healthy and taking care of yourself. My name is AJ and I am from Perrysburg Jr. High.

I love to take photos and to work in the STEM room. I know this time is hard and I just wanted to give you some words of encouragement for moving forward. Don't let whatever is happening right now bring you down and push you to the bottom. Keep living your life and do what you love. You will get through this tough time with the people around you.

Make sure you are staying healthy and taking care of yourself.

Sincerely,

AJ

Perrysburg Junior High School STEM class

Hello

My name is Korbin I hope your having a great day and that your health is fantastic I am glad that you are reading my letter.

Some of my favorite things to do are to play baseball eat food and hangout with my friends. I hope that you are also staying safe and strong.

If you're sick I hope that you get better very soon. I am glad we had a short talk take care.

Sincerely,

Korbin

Perrysburg Jr High School Stem Class

Dear Nursing Home Resident,

At times that you feel low,
pick yourself back up.

Remember that there's always
one person that is thinking of
you in times of need.

-8th grade student

Perrysburg Jr. High School STEM class

Hello,

I hope you are staying Healthy during everything going around, and I'm sure you're trying your best to take care of yourself. My family and I are doing everything in our power to keep this spread low.

We care for you and others in this world. So stay strong for us.

Sincerely,

Ewan

Perrysburg Junior High School Stem Class

Dear recipient of this letter,

I hope you are doing well and staying healthy. Here at my house, we have been together for so long we are all going a little crazy.

We have had to find other things to fill the time such as baking, building, and other various family activities. Stay strong during this new experience to all of us and stay healthy.

Sincerely,

Owen

Perrysburg Junior High School STEM Class

Dear Patient,

I Hope you get better soon whoever you are and wherever you are.

A little bit about me is I go to the Perrysburg Jr. High School and my name is Cole and I play baseball as well.

I Hope you get better soon and stay healthy.

Get better soon,

Cole

Perrysburg Jr. High STEM class

Hello,

I'm a student at PJHS, due to the coronavirus I will be doing online school to at least May 2nd and I am not allowed to see anybody.

This has been a hard time, but we can think of the positive side of this. Once it is all over we can visit people and spend time outside when it is warm and sunny.

I hope you are doing ok and staying safe.

Sincerely,

Lia

Perrysburg Jr. High School STEM Class

Hello,

This will be over soon. The isolation and social distancing must be hard for you. I can't wait to see my family.

Just recently was my cousin's birthday, and I did not get to see him which made me sad, but soon we will be able to see our families again.

So you can do it-pull through for them and yourself. Stay healthy, happy, and safe!!

Sincerely,

Caden

Perrysburg junior high school STEM class

Hi,

I just wanted to tell you that I wish you nothing but joy. I want you to know that we are here for you. We love you and we hope that you have a big smile on your face when you read this letter.

So more smiling, and less worrying. Stay healthy and stay positive.

Enjoy your day.

Sincerely,

Faith

7th grade Junior High Stem class

Hey I hope you get through this tough time with the coronavirus and everything. I know it seems scary but you got this. You're not gonna catch it you're gonna be fine. My grandpa got it and she's doing fine nothing to worry about.

Sincerely,

Aaron

Perrysburg junior high school STEM class

Hello everyone at the nursing home,

I'm sorry that you can't get visitors. But I hope this letter makes you feel better.

This Coronavirus is going to end soon, so keep your head up and just enjoy life. When everything gets better I wish you the best of life.

I hope you get this letter and I hope you enjoy life

Sincerely

Eric

Perrysburg Jr. High STEM class

Hello,

I hope this letter finds you in good health. I would like to thank you for all you have done and I hope you stay healthy.

I am 12 years old and in 7th grade. I like to play games and watch movies with my friends and family. I like to meet new people and make more friends.

I hope you
stay safe and healthy.

Sincerely,

Mahd

Perrysburg Junior High School STEM class

Hello!

I hope you are doing well in these hard times. Things may be bad, but it will get better.

Just know that you will make it through and things will improve. I hope you have a good day!

Love, Kennedy

Perrysburg Jr. High STEM class

Hi there

I know these times are stressful not being able to see your family or friends but we will all make it through this if we stay calm and stay safe also stay healthy and I can't imagine how hard it is without being able to not see your family and this year has brought many troubles to our world but just know we are in this together.

Sincerely Troy

Perryburg Jr high Stem Class

Hello,

My name is Lexie and I'm a 7th grader, and i'm currently doing online learning for school. I don't like online learning and I'm hoping to go back to school soon. And I want this whole coronavirus thing over and done with, and you probably do too.

I hope you and your family are staying safe during COVID - 19. I myself am trying to stay safe and healthy as well. And thank you for doing so much in this world, also I hope you don't run out of toilet paper.

Sincerley,

Lexie

Dear Nursing Home Patient,

I am a student at Perrysburg Junior High School and I am sending this letter to you in regards to keeping you happy.

During this time I hope you are safe and healthy, and enjoying your stay. I know these times are very hard and very stressful but we can make the best of it.

Stay safe and stay happy!

Sincerely,

Kylie

Perrysburg Junior High School STEM Class

Hello,

I hope that you are doing well and staying safe and healthy!

These times are hard but it is important to stay positive and take care of yourself and others.

Always keep a positive attitude and a big smile on your face!

Take Care,

Shambhavi

Perrysburg Junior High STEM Class

My name is Alex and I am a student at Perrysburg Junior High.

I wrestle and play football and baseball. I am writing to tell you to stay positive during these times of crisis during the Coronavirus.

All of these measures that are being instituted to stay healthy will all be worth it when this is over, even though they are very hard.

From,

Alex

Perrysburg Junior High STEM class

Good Day!

My name is Lindsey, I am a 7th grader at Perrysburg Junior High School.

I am so glad I am able to reach out to you. I hope that you and your family stay healthy during this world-wide pandemic.

Have a great day!

Wishing You The Best,

Lindsey

Perrysburg Jr. High STEM class

Hi

I may not know who you are but I'm glad I'm writing to you.

I know these times are hard but I'm just a 7th grader so I really don't know how bad it is. Just hang in there it will all blow over soon and I'm sure other people are hoping for you as well.

Take care,

Carter,

Perrysburg Junior High School STEM class

Hello!

I want you to know that I'm thinking of you and I may not know you but I do know you can get through this!

My name's Skylar and I play soccer and I enjoy running.

During this time I hope you're staying as healthy as can be and I hope you're doing your best.

Everyone is thinking of you and is hoping you're getting better!

Sincerely,

Skylar

Perrysburg Junior High School Stem Class

Hello,

I hope you and your family members are staying healthy during this time.

My family and I have been making sure to wash our hands multiple times a day and to try and stay farther apart than usual.

Staying healthy is probably the most important thing to do at the moment.

Take Care,

Hayley

Perrysburg Junior High School STEM Class

Hello,

My name is Ilayda.

I am a 7th grader at Perrysburg Junior High.

I hope you're doing well during these hard times. So many people are thinking about you and want you to stay healthy.

We will all get through this together. You will always be in our thoughts.

Sincerely,

Perrysburg Junior High STEM student

Ilayda

Hello there my name is Hudsyn, I know everything is chaotic right now although I wanted to tell you that everything is going to be okay if you just keep your head up and smile! :)

I hope you are staying healthy right now and wish I could learn more about you.

A bit about me is that I'm a girl and as you can see instead of spelling my name with an o like Hudson, I spell it with a y my mom did this to make it look more girly.

Take care,

Hudsyn

Perrysburg Junior High School

Hello,

Although times may be tough for you I wish you the best.

Soon this will pass and our lives will be normal once again.

Don't forget the people who wish they could visit you but instead are unable too.

Sincerely,

Sienna

Perrysburg jr. High Stem class

Hi there

I know it's hard right now. I know the nursing home is a hard place to be in today's world. I know because my grandma Anna was in one for 7 years. Stay strong, be optimistic and the go part after you make it through if you're saved by God's grace you get to spend forever with Jesus.

Remember things are always changing, before you know it your family will be able to see you again and things will get better

From Kaylin

Perrysburg Jr. High STEM class

Hello,

I hope you are staying healthy during these hard times and I hope that your able to see your family members over video chat or phone calls.

Stay positive,

Jaxon

Perrysburg junior high school STEM class

Hello

I hope you are doing very well and staying healthy, and in these dangerous times, I hope you are able to stay safe away from the danger and stay indoors and be able to fight through this time without any trouble.

Isaac

Perrysburg Junior High School STEM class

Hello,

I hope you are reading this letter. I know that you will like this letter because this is nothing but engorgement.

You will be strong later and never give up! You will get out of the nursing home and will be able to do what you use to do before!

Stay Healthy,

Rohan

Perrysburg Junior High School STEM Class.

Hello,

I am a student at PJHS and I am writing today to wish you good luck and good health over this pandemic.

I hope that you can keep your self entertained at the nursing home, as with me I am somehow finding my ways to pass time.

Sincerely,

David

Perrysburg Jr. High STEM class

Dear Patients,

I hope you are doing well. You all are so strong and talented.

I firmly believe that if you are going through something, that you will prevail.

I hope you are all well and making sure that you wash your hands!

Stay safe!

-Rylee

Perrysburg Jr. High School STEM class

Hello,

During these times where people want to give up, I want you to know not to give up. Keep going, keep fighting.

A little about myself, I play premier softball, am in 8th grade and plan on going to college off of softball. But I just want you to know not to give up.

Whatever you're going through, you got this.

Sincerely,

Jessica

Perrysburg Junior High School STEM class

Hello,

I hope you feel much better than you did yesterday. I hope you will be able to get out of that place and do what you like.

My name is xavier and i heard that you were accepting letters so i decided to write one to you in hopes that this would make you feel better.

Get well!

Sincerely,

Xavier

Perrysburg Jr. High School STEM class

Hi

My name is Angel, I know this can be a difficult time for you. I hope you are doing well with all of the changes there have been these days.

I know that we will all get through this if we are strong and have hope.

Stay safe and take care.

Sincerely,

Angel -

Hello,

My name is Abbi and I am a seventh-grader at Perrysburg Junior High School. I have two younger siblings, a sister, and a brother. I also have a dog named Scarlet after our favorite football team, Ohio State. I like to do sports such as volleyball and lacrosse. I love spending time with my family and friends.

Due to recent events, I have been quarantined to my house for three weeks now. Watching movies with my family.

In these weeks I have been enjoying the spring weather, riding my bike, and I hope that you are doing well and staying healthy.

Sincerely,

Abbi

Perrysburg Junior High School STEM Class

Hello,

I hope you are having a wonderful day, if you are not I am hoping to make it better. I know there is a lot going on right now but we are all tough and can go through this. My name is Madeline, and I like to dance, what do you like to do? My favorite animal is a dog, what is yours? I hope you know you have a lot of support. You are strong and brave and can go through these hard times.

From-Madeline

Perrysburg Junior High School Stem Class

Dear Patient,

I know that this is a difficult time for you because of the circumstance. I know that family can not come and visit and that you may be lonely, but I hope you are happy.

2020 has been a crazy year, but I know that this craziness will die down. I hope that you can see your family and friends again.

I hope you stay healthy.

Sincerely,

Caleb

Period 9 Stem Class

Perrysburg Junior High School

Dear Person in nursing home,

I hope you are feeling at your 100% and have no problems at the moment.

Right now is a scary time, but we have advanced a lot in the past and I'm certain we will as a society get through this tough time and be able to continue on with our lives. All we have to do is listen to social distancing and stop the spread.

I know we'll all get through this like every other problem.

Yours truly,

Lucas, Perrysburg Jr High STEM class

I really hope you are healthy and well. I also hope you are not feeling lonely right now.

I wish I were able to see my grandma. I worry about her and I'm worried about you too. Just wanted to let you know how much we appreciate you, even if we can't visit you.

Make sure to keep safe and healthy.

Sincerely,

Victoria

Perrysburg Junior High STEM Class

Hello,

I hope you are doing well in this state of emergency. We are all thinking about you. Many people and I are making an effort to help stop the spread of this disease in the hopes that everyone can get back to their lives and people can come and visit the nursing homes again.

Sincerely,

Olver

Perrysburg junior high school STEM class

Dear Recipient,

I hope that you are doing well wherever you are. My name is Jacob and I like running, baseball and school. I have 4 siblings and I am the second youngest of 5.

I want you to know that you are cared about and that people are thinking of you. You are a unique person and you affect everyone who you come in contact with. Just think about how many people you have affected. I bet that you have lived a great life and that you continue to affect and change those around you.

I want you to know that you are loved and that you aren't forgotten.

Sincerely,

Jacob

Perrysburg Junior High School STEM Class

Hello,

My name is Aidan I am an 8th grader at Perrysburg Junior High School. I enjoy playing football and baseball. My baseball season has already been delayed because of the Corona Virus. During this lockdown I've been going outside to get fresh air, playing video games, working out, and watching TV.

Although this has been a very boring stretch of time. I have been keeping busy going outside to get fresh air, walking my dog Cooper and playing with him in the back yard. I have also been on the phone with family/friends, watching tv and playing cards.

My dad and I have been throwing the baseball in the backyard and practicing hitting in our basement and at the park on good days.

I hope your able to make the best out of this situation and are staying healthy and safe.

From Aidan,
Perrysburg Junior High School STEM class

Hello,

I hope you are staying positive during these tough times in quarantine.

I once read in a book "If you think you can or can't, you're right."
-Henry Ford. So if you think positive you will have a positive outcome.

So stay positive and maintain hope.

Take care,

-Jesse

Perrysburg Jr. High School STEM class

Dear recipient,

I hope that this letter finds you well. My name is Abigail and I live in Perrysburg Ohio. I go to Perrysburg Junior High and I am 14 years old as of tomorrow.

I could only wish to be able to speak with you in person. I could ask you about the many trips you may have been on. I myself have been to Norway, Sweden, Denmark, Barbados, Puerto Rico, Canada, Michigan, New York, West Virginia, (ects.) I am technically originally from Norway, well my bloodline. My father is fully Norwegian born and raised. I lived in Norway for a while and got to travel with my dad.

Maybe you've gone to multiple countries if so you'd have stories of your own. As I had said tomorrow is my birthday and sadly I will be celebrating it with the comfort of my home. Due to the fast spreading pandemic my celebration has been put on hold but we are planning on making a cake. Not only has it put off my birthday but also my schoolwork but, I call it my coronacation.

I am sure that this virus will be over as soon as possible and I am sure there are many people waiting to see you.

Wishing you the best,

Abigail

Perrysburg Junior high school STEM class

Hello

My name's Alex. I've got a dog named Millie, and I like playing baseball. And I've been pretty bored over the past couple of weeks. All my friends are locked up, and I'm stuck in my house with nothing but video games and movies to pass time. However, I can't imagine being at a nursing home. I can only guess that you guys don't get many visitors anymore.

The boredom I'm feeling probably multiplies in your case. So, to help with that, I came up with seven ideas to do during quarantine.

- 1: Hallway bowling
- 2: Prom night
- 3: Spin the bottle
- 4: Ping Pong tournament
- 5: Poker
- 6: Secret Santa (during spring)
- 7: Karaoke

I really hope these things give you something to do. We'll get through quarantine together.

Best wishes,

Alex

Perrysburg Junior High Stem Class

Encouragement for anybody is Nursing Home's

I am a young person who attends Perrysburg Junior High School for school, when times get rough for me, I pray because I know things get better. Personally, I love school because it offers so much, I can do different kind of activities and everything. I hope that you are staying healthy and responsible through this virus.

My encouragement to you is that things will get better, all you have to do is get through the hard times. Embracing times like these will make the positive times better.

So, I hope that you are feeling better every day.

Thank you,

Luke

Perrysburg Junior High School STEM class

Hello!,

My name is Jack, an 8th grade student at PJHS. I just wanted to say that I am rooting for your recovery and good health.

My grandparents are in nursing homes at the moment and I trust that they take care of whoever may read this as much as they take care of my grandparents.

I know now might not be the most exciting of times, but just take care and always look forward because it will get better soon.

Sincerely,

Jack

Perrysburg Jr. High School STEM class

Hello!

How are you? I hope everything is going well during this time of uncertainty, it can be hard to power through times like these but you can't just give up that easily especially when everybody is going through it. That is exactly why we all need to focus on helping and taking care of those around us. Well besides that I would like to tell you about myself.

I am currently an eighth grader who lives in perrysburg. I mostly occupy myself with either football and basketball or just meeting with my friends and having good times in general. During the summer me and my friends love to go to Cedar Point which is a very popular amusement park in this area.

Anyway like I said I hope everything is going well and also remember to always stay positive no matter what.

Sincerely,

Paul

8th Grade Perrysburg Jr. High STEM class

Hi!

How are you? I hope you are doing ok! Know you are loved.

Strength is priority. Be determined to make yourself happy. Keep living, for not others, but for yourself. You're stronger than you think. Positivity overpowers weakness.

The purpose of our lives is to be happy! Not how long, but how well you've lived is the main thing. Remember, all things are difficult before they are easy.

Stay healthy.

Take care.

Savannah

Perrysburg Jr. High School STEM class

Hey,

I hope that you're able to stay healthy with all that is happening in the world right now. I'm a fourteen year old kid in middle school I've got a grandpa that has a heart problem and he isn't able to see anyone not even leave the house because it's not safe it's been hard to hear about everything happening and for me it's not been too great but I can't imagine what it could be like for the people who are less fortunate with their health and it must be very hard to go through all of the things that are happening and I'm glad that the world is doing things to help slow it down and keep it under control and maybe even save the lives of other people who are less fortunate and who don't have everything like I do so while I can't do anything really to help individuals like my grandpa or anything I wish I could and I hope that you can stay healthy and safe during this time

Thanks for taking the time to read my letter

Sincerely,

Jack

Perrysburg schools stem

Hey There, Thank you for everything you have to offer to this Earth, your dreams, your ambitions, your encouragement, but most importantly your love for your family, your friends, and anyone you may come across in your life. I wanted you to know just how special you are, and how much you mean to the people in your life. Now I know this may be an obstacle in your life, believe me that is life, but you are never alone as long as you carry the memories of your loved ones, and how much they love you, this will get you through. My Grandpa used to tell me this saying he treasured about March, (which is when I'm writing this letter maybe you have heard of it), "In like a lion, out like a lamb". While most people might associate this with March's weather throughout the month as it transitions to Spring, I think of a different meaning that I hope will inspire you. The lion in this phrase represents our experiences at first encounter. They can seem scary, like a lion, making us feel alone. This is why we need the support of others. The lamb is like when our problems are resolved. The process between the lion's transformation into the lamb is time. My point being that things will get better over time with the nurturing and support of loved ones, and a positive outlook. This fresh perspective is what is changing the lion into a lamb, meaning our problems no longer feel as big of a burden, because we no longer feel alone. Remember that, you will get through it. You are not facing this alone, so keep loving, keep experiencing, and keep living life.

Take care.

Sarah

Perrysburg Jr. High Stem Class

Dear Senior,

I am here because I care about you. I am also here to assure you that everything will get better as time goes on.

I have a couple of things to tell you, about me. My name is Santiago, and I'm 14 years old. I am a huge Star Wars fan, and my favorite Star Wars movie is The Return of The Jedi. My favorite Video Game is Fortnite.

As you know I am safe and sound, and you are too since you are in a Nursing Home, with others as well. I am sure that you are a bit upset that you're not getting as many visitors as usual, but that's okay. You at least are being taken care of and staying in contact with your family relatives. The best thing you should do is stay positive and be in good hands.

For the time being, you should be grateful that you are in a nursing home, instead of being very sick and in a hospital. Think of all the things you are able to do in the Nursing home you are still in.

I wish the best for you all and to be safe and precautions. I hope you understand the circumstances we are in, but be grateful as always, and take great care!

Sincerely,

Santiago

Perrysburg Jr.High School STEM class

Thinking of you!

I am a kid named Jack in 8th grade at Perrysburg Junior high school and I hope you are enjoying lots of attention from your caregivers and other residents.

I hope you also have a lot of time to do some extreme binge watching on the tv.

Thinking of the courage that your generation has had throughout different hard times gives my generation the endurance to deal with what is happening now.

I hope you can see some sunshine out of your window.

From Jack

Perrysubrg Junior High School Stem class

Hello!

I hope you are having a great day today and that life is treating you well! I wanted to write to you to tell you that you are loved and appreciated.

Thank you for everything you have brought to this Earth, and everything you have done for the Earth.

I hope you have a great day today, and every other day that is to come!

Sincerely,

Landon - Perrysburg Junior High STEM Class

Dear whoever gets this letter,

My name is Elijah, and I am a 7th grade student who is trying to get used to online school. I am not very good with computers which makes online learning difficult. I know you aren't getting many visitors so I will tell you what is going on in the world. The stores aren't really open and the ones that are don't have any toilet paper and other cleaning supplies.

I have to stay inside for hours and I can't go outside. I like to play golf but I can't go golfing anywhere. I don't really know why because if I stand really close to anyone I will get hit by the golf club.

What are some things you like to do? Because I can't go anywhere all I really do is learn and then play video games. I am happy I can learn though because I really like school. Another good thing that is happening is that there are still fun things at home I can do. There are lots of fun toys and I can still watch tv and play video games.

I can say my sister is very bored and eats lots of food. I have to make sure she doesn't eat any of my favorite foods though. Hopefully this virus ends soon so I can go outside and go to school. And so I can go golfing.

Sincerely,

Elijah - Perrysburg Jr. High School STEM class

Hi.

I hope you are staying healthy, staying inside and staying warm. I know that you don't get many visitors since everybody was told to stay inside their homes. But people outside of the nursing home are trying to help by staying away so that there is a less likely chance of the nursing home infected. I personally am sad, I sometimes head to a local nursing home and play checkers with a friend, Walt. I hope this time pasts and your family can come to see you.

From Andrew

Perrysburg Jr high school STEM class

Hello,

I don't know you personally, but I want you to know that people are thinking about you. Things might not be so good right now, but things can, and will get better. With the determination that you have, I just know that the rest of your life will be nothing under amazing. Your smile is brighter than 3 suns, and it makes everyone happier looking at it. I hope you are healthy currently, and I hope you continue to be healthy throughout this year, and the rest of your life.

Take Care,

Frederick

Perrysburg Junior High School Stem Class

Hello,

My name is Evan and I go to Perrysburg Jr High School. This is a weird and a tough time to get through. I hope that you are all staying healthy through this period. Let me tell you a little about myself. I live in Perrysburg with my sister, mom and dad. I have a dog, Guinea pig, and a Bearded Dragon. I play lacrosse for two travel clubs. We travel all over the Midwest playing in tournaments and games. I also play video games sometimes. I hope you enjoyed learning about me a little. I hope you can find time to do things you love too. Please stay happy and healthy and we can get through this together.

Best of luck,

Evan

Perrysburg Jr. High School, STEM Class

Hello,

My name is Sawyer and I am a 7th grader at Perrysburg junior high school and I have written this letter to say that whatever this coronavirus is, you're going to get through it and I hope you are staying healthy. I hope that you are still staying active even though everything is being shut down. You have done so many things that I can't even imagine how many lives you have changed. This is just my part in giving thanks to you and everything you have done throughout your life.

Stay healthy,

Sawyer

Perrysburg Junior high school stem class

Hello,

We all know that the virus going around is making it so you can't see your friends and family at the moment. I believe that one day that this virus will pass and you will be able to see the ones you care about again. Finally I have a lot of hope that you will stay strong and make it through this crisis.

Sincerely,

Jared

PJHS Jr. High STEM

Dear, Nursing Homes

Due to the Coronavirus, you are the people who take care of sickness and support us. Now, we are gonna support the nursing homes by keeping distances away from each other, not touching your faces, and washing your hands daily. If we do all that, I believe that it's gonna decrease the cases in the U.S. I hope the patients in the nursing homes are feeling healthy and not stressed out by how much people are coming to the hospital because of the Coronavirus.

Stay healthy to all of the patients and nursing homes in the world and be safe. The people all around the world will hopefully beat this crisis and live a normal life.

Sincerely,

Emilio,

Perrysburg Jr. High Stem Class

Hello!

I know you are going through some tough times right now. The coronavirus is making everyone stay in their house so that leads to you not being able to have visitors. I know it can get lonely. Sometimes I get lonely too. I am a seventh-grade girl and I love to play sports. I play basketball and soccer, and soccer is my favorite. I also really like to read and hang out with my family. I wish I could see my friends too. Just know that many people are thinking about you and wishing they could come and see you. A lot of people are trying to help everyone stay safe inside their homes. Stay healthy and wash your hands!

~Alia

Perrysburg Junior High School STEM class

Hello

I'm Tony and I'm from Perrysburg, Ohio. My school is Perrysburg Jr High and writing this letter because I know you haven't probably talk to people like family or seen your family or friends because they can't come in because of virus and I wanted to encourage you to stay healthy eat healthy.

Here are some things about me I play travel hockey for Bowling Green Ice Cats, play with high schools and im only 13. I also play travel baseball with Perrysburg Yellow Jackets we went Cal Ripken last year in Myrtle Beach and there were 60 teams around the world and the little Perrysburg team came in second place in the tournament - best thing of my life.

Sincerely

Tony

Perrysburg Jr High Stem class

Hello!

My name is Nithya, and I am a seventh-grader at PJHS. This letter is to give you some words of encouragement during these times, because I know many people have held off on visiting nursing homes around the country.

I decided that this letter could be somewhat like a virtual visit to your nursing home, whichever one it might be. A little bit about myself: I love to draw, coding, reading, and music. I love watching movies, especially Pixar movies. My dream job when I grow up is actually to become an animator at Pixar, because it combines all of my interests: art, coding, and sometimes music because animators have to sync the animations and the music. Anyways, those are just a couple of my interests.

I hope you are doing well, and even though I don't know who exactly this is going to and how your life is right now, I just wanted to tell you that things will get better! Hopefully, this letter helped a little bit in lightening the mood. I hope you have a great day; stay safe!

Best wishes,

Nithya

Perrysburg Jr. High Stem Class

Hi, I hope you are doing well. I'm a student at Perrysburg
and we are doing school online. I play soccer and do track and field. I love art, traveling, and math. What
are your favorite hobbies? My favorite quote is "Everybody is a genius. But if you judge a fish by its
ability to climb a tree, it will live its whole life believing that it is stupid," by Albert Einstein.

I love the symbolism and the meaning of the quote. Stay strong through these
hard times and remember that tough times are a way to bring us
together. Put your health first and stay safe. Have a
great week! Take care, Laura Perrysburg

To whoever is reading this

I hope you know that we ARE going to get through this
and there's a light at the end of this dark tunnel.

I hope you know that people are thinking of you. I hope that you're
staying healthy.

During dark times we need to stick together. Hope you have a
great week, Stay positive.

Sincerely,

Berkley

Hello!

I am Brooklynn from Perrysburg Junior High School! I just wanted to say that I hope things are going well and I hope you are staying healthy! People out here are going through the same thing. We can't leave our houses for at least 30 days and it kind of stinks.

I'm going to miss my friends as much as you miss your family! I am in 7th grade and I played Volleyball for the school a few months back. I wish I could get to know you as much as your getting to know me.

I hope that you are finding something to do during this whole sickness thing happening right now. Hope you stay healthy and wishing you the best!

-Brooklynn:)

Perrysburg Jr. High STEM class

Dear, sir or madam,

I am writing to you because you deserve it . I know that the coronavirus has made a lot of change in everyone's lives but, to you it is worse because you can't have your family or your friends to be with you in this tragic situation. Don't worry we will get through this and your family and friends will be able see you again.

If you are ever bored you could always play an online game or do art. Make sure that you stay positive and healthy and we will fight this disease like a society of superheroes . You could alway call your loved ones and talk with them over the phone or use facetime because having someone to talk to can help get rid of that boredom.

If it makes you feel any better about your situation, my state has issued a state-wide shelter in place order so we are stuck at home until this crisis demolishes. So please remember that we are in this together and we will win the war by staying healthy and positive.

Hello,

I know right now the world is a bit crazy, but if there's one thing you need to remember, wash your hands! Anyway, I was just writing to you to tell you to stay safe and keep clean in the chaotic times and there are a lot of people who care about you.

My name is Billy, I like to play video games but also love to play football. Whether it be with my dad, my friends, or on the 7th grade team I always have a fun time playing it. Over my spring break I played a lot of video games, and went and helped out at my mom and dad's restaurant a few times. So yeah, my spring break was pretty uneventful. I wasn't even allowed to hang out with my friends! And i know desperate times call for desperate measures but I didn't know it was that bad! That was a joke by the way.

Take care and stay healthy,

Billy

Perrysburg junior high STEM class

Dear Resident,

Hi, I hope this letter finds you happy and healthy. I know this is a difficult time but we can be hopeful that this is over soon. In the meantime I hope you have plenty of activities to keep you entertained.

What do you like to do?

I am in 7th grade at Perrysburg Jr. High School. I have been home from school for three weeks now. I am keeping up with school work from my teachers on my computer. I try to get out daily for some exercise since I am in track and lacrosse and I cannot practice with my teams. Remember to wash your hands and to not touch your face. Stay safe and be healthy.

Be well,

Cooper

Perrysburg Jr. High School STEM Class

Hi my name is Brody and I hope you are healthy and having a good time in the epidemic.

I like games and animals. I also like horror movies (if it has a good story to it) and I like music.

You should know that even though you might be alone, just pull out this letter and you won't be. Because I am dealing with the same things with this virus as you. What happened to spring break? For me I watch movies, play games and sleep with my cats.

I hope you had a good spring break like mine even though no one came in. But here's the thing: you are not alone, you can do a lot of things you used to do, just believe, and you can do it. I hope you stay healthy.

Sincerely

Brody

Perrysburg Jr. High STEM class

Hello,

My name's Addie and I wanted to reach out to you and say that we are all thinking about you and what you're going through.

Just know that we can get through this if we stay positive!

Although we can't see each other or really anyone, remember that you're not alone and we should all remember that we care about each other even if we can't tell people face to face.

Stay safe,

Addie

Perrysburg Jr.High Stem class.

Hi friend,

I hope you are feeling well and staying healthy. I understand that it can be hard when your friends and family can't come to visit you. At home, I'm trying to help my little brother stay happy by raising baby chicks with him. I would be glad to share my family and the little chicks with you too. Hopefully, their cuteness will help bring you smiles, like it does for our family.

Stay happy,

Roman

Perrysburg Junior High School, STEM

Hello!

I know times are hard, especially with what is going on around the world.

However, the last thing we would want is for someone to feel like they are going through this alone, you are not alone. A community where everyone works together, including you. It may not feel like much to you, but you really do help. Just by staying away from others you deal a big part.

Just remember, we are thinking of you everyday, and wish you the best.

From, Lila

Perrysburg Jr. High STEM class

Dear people in the nursing home,

I know the times have gotten hard and that you probably can't see your loved ones right now. Just know they care about you so much like right now

I have 5 other siblings two of my brothers

are my step brothers and their mom is taking them places instead of staying inside and my mom made her boyfriend and his kids move into his mom's house because she didn't want to put her

own kids in danger of the virus so I kinda get how you can't see your family.

And I just want to encourage you to tell someone that they are loved and help them if they are feeling down.

Doing this might cheer them up because of how the world is right now.

Staying safe inside is the most important thing right now wwe don't want to put anyone in danger with the virus. So I

encourage you to stay safe, help someone if they are feeling down and help they get through it.

Stay safe

Isabella

From Perrysburg Junior High School STEM class

Dear reader,

I know that the world is a harsh place to live right now. But, I am here to assure you that we can get through this together (as far apart as possible).

You see, I'm really bored at my home just sitting in my room doing my school work alone. But I can't imagine what you guys are going through and how isolated you guys have to be. It's OK though, this will end one day and we can all get vaccinated and we will be talking to our friends and loved ones before we know it. With perseverance and morale, we can fight this "invisible enemy" and won't back down. I mean, it's OK if you are scared because I am a little scared, but we've got this. We are all tough people and can defeat this virus. This will go down in the history books and if we stay strong, those books would call us tough, hardworking people. Anyways, thank you for not giving up and fighting on even if circumstances are bad. If we work together as a whole, as a society, we will not back down.

-Mincho

Draw, draw the things around you, or what is happening

Write, keep a journal of what is happening, and your opinion on it.

Smile! You are you and no one can change that!

Chat, talk with the people around you about your family, and what you care about

Here are eight words of encouragement, and things to do! Hope your Happy, and Healthy!

Sincerely- Autumn

OVERALL JUST DO
WHAT MAKES YOU
HAPPY!!

You got this!
Stay cheerful,
and kind and you
Will be Fine!

Read, right now
is a great time
to catch up on
some new series

Facetime your
family, I bet they
will love every
second of
it!!!

Dear Resident,

I am a 7th grader at PJHS. I am the oldest in my family and I have a 10 year old brother. I enjoy playing soccer, camping, jumping on my trampoline and baking. I typically don't have any free time because of soccer practices and games.

I hope all is going well and you're keeping yourself busy. My day consists of waking up and doing my school work and staying active. I figured out I am not a fan of homeschooling and would rather be at school with my friends. The days may be long and lonesome, but remember to always find the positive in the day. You are stronger than you think, keep your head up high and this too shall pass. Have hope, have faith, have strength.

Sincerely,

Kendollyn

Perrysburg Jr. High Stem Class

Hello!

This is going to be a letter of encouragement for you. First of all, I hope you are staying healthy. We can all make it through this tough time, and come out of it stronger than we were.

Now i'll introduce myself. My name is Mia, and I love running and drawing. But back to this letter. You can do anything you put your mind to, and you can be anything. When you feel like you can't go any further, just take a little break and take deep breaths.

This letter is kind of short, but I hope it was encouraging for you.

Take Care,

Mia

Hello,

My name is Carter and I go to Perrysburg Jr. High school.

I know that you guys can't see your family because of the coronavirus that is spreading all over the globe, I hope you're staying healthy and washing your hands and using hand sanitizer a lot.

They're closing restaurants and stores and we can't see our families because it's dangerous on how bad this is spreading. I hope you guys are staying safe and healthy!

Take care,

Carter

Perrysburg Jr. High school STEM class

Hi,

My name is Jackson and I am a 7th Grade student at Perrysburg Junior High.

I just want to say if we wash our hands and stay inside we will get through these tough times. I have a daily routine of doing online school which is very easy then I play xbox all day. At least you don't have to cook in the hospital. Also you can facetime your family and talk with them or you can read books to keep yourself occupied.

I truly believe all this stuff about the coronavirus will be over soon and remember to wash your hands.

Sincerely

Jackson
